Retiree Associations of Canada

Associations de retraités des
universités et collèges du Canada

November, 2008

Dear CURAC Member Association,

The CURAC Board has voted unanimously to join with Waterloo Insurance to offer individual retirees who are members of our Associations, automobile and home insurance at rates below standard group insurance premiums, where allowed by provincial law. This program was described in detail at a luncheon at the Montréal Conference last May.

If you choose to offer this program to your members, there will be no obligation on your part other than to publicize it to your members by Email, in your Newsletter, and on your Web. Retirees who are interested can obtain a quotation from Waterloo Insurance and follow it up as they choose.

Your Association will soon be contacted by Mr Bruce Weaver, Business Development Advisor, Waterloo Insurance, who will provide promotional materials (brochures, posters, inserts, files) for you to use and distribute should you choose to join us in this venture. In the event that any of your members are interested in a no obligation quotation immediately, please have them contact Waterloo Insurance at 1-866-247-7700. Although electronic promotion (Email, Web) is preferred, if your primary means of communication with your members is by Canada Post and inclusion of this material would increase your normal mailing costs, Waterloo Insurance will consider covering that additional cost. Please contact Bruce Weaver directly (1-866-920-8244) before incurring those costs.

This arrangement was negotiated by the CURAC Benefits Committee, chaired by David Lubell, to provide a specific benefit to retirees affiliated with CURAC through their membership in your Association. We hope that you will participate and that the program will benefit your members.

With best wishes,

A handwritten signature in blue ink that reads 'Tarun Ghose'.
